

❌ As we get closer to Christmas I think about traditions and how important they are to us. I started looking around for topics on Christmas traditions and culture and became fascinated with the tradition of the Christmas tree. I have previously mentioned that traditions here in Stillwaters include decorating lamp posts, putting lights on buildings and trees and all sorts of community activities.

Trees have been decorated for Christmas since the 1500's. Only these early trees were celebrated in the town square and then set afire (think of it like a Yule Log). There is some thought that the first person to bring a tree into the house may have been the 16th century German preacher Martin Luther. The story is told that he was out in the forest walking and looked up to see the stars shining through the trees branches. When he got home he told his children the it reminded him of Jesus, who left the stars of heaven to come to earth at Christmas.

In Germany the first trees were decorated with edible things, such as apples, gingerbread and colored papers. Then glass makers began making ornaments similar to what we see today. In Victorian times, the tree would have been decorated with candles to represent stars. Tinsel (also created in Germany) was originally made from thin strips of beaten silver. The first electric lights for trees was invented in 1895! More information is available by clicking [HERE](#).

Enjoy decorating your tree this year and think about what a significant tradition this is.
